CASINO CULTURAL

The construction of the actual building was ended by 1925, was designed in 1924 by the architect Lorenzo Criado Oltra, to host “Círculo Instructivo Legitimista”, Inside you can find a large hall, that in spite of the refurbishment that, have changed some original elements, preserves the typical essence of a village Casino. Throughout history it has been a meeting point, social and leisure center, essential for the life of Massarrojos. Formerly, the place where the casino is, was a Manor house that during the XVIII and XIX centuries, belonged to a noble family named Osorno Catalá and was demolished by the beginning of the XIX century. Actually host the “Asociación Cultural de Massarrojos” that manages the facilities and keep the local alive.
